ending of Polls Finds Crowds on Main at Several and Rush Keeps Up All Morning; Court Permits the Listing of Contested Persons.

One of the most spirited elections in the city of Connellsville started with a rush today. At 7 o'clock a morning when the polls opened, the voters were ready to cast their ballots and throughout the early hours there was a somewhat steady flow of voters. The election was held at 2:45 o'clock and 2,247 votes had been cast in the seven wards.

Chief interest centered in the fight for mayor. Both sides expressed confidence. One man, waged money at Charles C. Mitchell, Republican, while adherents of James J. McGarity, Democratic nominee, claimed that last minute sentiment has an increasingly in his favor and that the total by which he will be given the office over Mitchell will be five or six hundred more than claimed.

ARMS PARLEY NOT TO OPEN PANDORA BOX OF TROUBLES

Agenda Is Still Limited to Problems of Armament And Far East.

ANOTHER CONFERENCE

By Mark Sullivan. National Political Correspondent of The Courier and the New York Post. WASHINGTON, Nov. 8.—Without much doubt, about as useful a service can be done for the American people on the third day preceding the armament conference is one of clarification. For that clarification, the starting point, and the starting point, is that the conference is called for two purposes and two only, namely, the limitation of armaments and the settlement of Far Eastern questions. Under those two main subjects are a large number of subsidiary ones, but none that go outside the boundaries of the main ones.

What the conference is to consider is written down in a formal program which is called the "agenda." That agenda has not been changed materially since it was first made up. It is true, the agenda can be enlarged by the conference itself after the sessions have begun; but it is probably safe to predict that the efforts of a considerable number of the more prudent and sure-footed persons in the conference will be directed towards keeping the program where it now is.

It is occasionally said that Harding "has opened the Pandora box of troubles." That is true, but it is not true in the sense in which it is said. Harding has opened the Pandora box, he has let out two particular troubles, and he has then carefully closed the box again. Some one else, during the course of the conference, may open the Pandora box and take out some additional troubles. Some one may even open the box and leave it open, and all the troubles may be about our ears. But what seems to your correspondent to be much more likely is that the box will be kept closed until armament and the Far East are disposed of. Thereafter the box may be opened again, and another group of troubles taken out and disposed of.

RUSS OFFICERS BATHE DANCER IN WINE AT BANQUET

By Associated Press. KRONSTADT, Russia, Monday, Nov. 7.—Six thousand Bolsheviks were killed in their three-day orgy of Kronstadt following the seizure of the fortress by mutineers last March, the correspondent was informed today by Bolshevik sailors. Mutineers who escaped had previously placed the losses, it a much higher figure. Sixty thousand troops were engaged on both sides.

The correspondent was entertained by a banquet in their club, which was formerly used as a club room by the officers of the czarist regime. The officers, the sailors said, were a gay lot and at one banquet gave a dancing girl a champagne bath in a great glass goldfish tank which stood in the dining room.

TAX REVISION PASSES SENATE, UP TO CONFEREES

WASHINGTON, Nov. 8.—The tax revision bill now faces its third reading, this time by the House and Senate conferees. The measure finally was passed early today by the Senate, 86 to 24, at the end of a continuous session lasting nearly 14 hours. It will be returned to the House when that body reconvenes tomorrow and Republican leaders plan to send it to conference Thursday. It may reach the President for his approval late in the month.

At a rough estimate treasury experts say the bill in its present form would net approximately \$2,250,000,000 or \$200,000,000 less than the present law and about the amount of revenue which treasury officials have said the government must have. Eventually the bill, the experts assert, would reduce the nation's tax toll by about \$750,000,000 a year.

While they undoubtedly will make many changes in the measure the conferees are not expected to materially alter its basic structure. The bill now stands there are just three major provisions on which the House and Senate agree. They are repeal of the excess profits tax and the transportation taxes on next January 1 and the retention of the present tax on corporations' capital stock.

Armistice Day "Chow" Will Be Varied, Ample and Served Efficiently by the Ladies

No Detail in Preparation Is Being Overlooked By Them.

COMMITTEE IS ENLARGED

In Order to Facilitate the Work of Caring for the Luncheon Guests; Veterans Will Eat to Music and Can Have "Seconds" or "Thirds."

The arrangements for providing "chow" to the visiting and local veterans and guests on Armistice Day will leave nothing to be desired insofar as relates to variety and quantity and efficiency in serving. The committee of the Women's Auxiliary Unit of Milton L. Bishop Post No. 301 have seen to it that no detail will be overlooked necessary to make the preparation and all appointments of the meal a success.

It is designed only as a luncheon and of course the menu is not as elaborate as for a dinner, but it will be sufficient to satiate the individual tastes of the veterans and they will need have no fear that "seconds" or even "thirds" will not be cheerfully supplied in case the first serving is insufficient to appease their hunger. The menu will be as follows:

Chinese Sandwiches, Ham Sandwiches, Meat Loaf, Sweet Pickles, Potato Salad, Doughnuts, Coffee, Cream and Cigarettes. That the quantity will be ample is assured from the materials that are being assembled for the lunch. With some donations yet to be made the articles already available include the following: Material for making 1,200 loaves; 125 pounds of meat loaf; five bushels of potatoes, five barrels, 50 pounds of flour, 120 loaves of bread, 40 quarts of salad dressing, six gallons of oysters, 30 pounds of butter, 50 pounds of sugar, 10 pounds of coffee, 40 pounds of cracker meal, 287 apple pies, 40 gallons of ice cream. At the meeting of the auxiliary last evening there was a complete check-up of the list of workers and several names added to the dining room and kitchen committees. The ladies selected by Mrs. Laura Clark, chairman of the former committee, to have charge of the tables in the armory were: Mrs. Percy R. Sheets, Mrs. Harry Mason, Mrs. Howard N. Myers, Mrs. James Rapoport, Mrs. H. C. Frisbee, Mrs. B. F. Jones, Mrs. P. H. Earmen, Mrs. C. T. Giles, Mrs. W. C. Crounse and Mrs. J. S. Dunn. They will be assisted by: Mrs. Elizabeth A. Armistice Day Being a Legal Holiday Legion Has Made No Special Request for Closing

Merchants of the city appear to be quite a little confused as to what they should do about closing their places of business on Armistice Day. Hereafter on the occasion of big functions by The American Legion, falling on other than legal holidays, a committee of members has visited the merchants requesting them to close. Expecting the same procedure at this meeting a call by a committee. Evidently these merchants have overlooked the fact that Armistice Day has been made a legal holiday in Pennsylvania by act of the Legislature approved by Governor W. C. Springer. Further, President Harding, acting under authority of a resolution by Congress, has issued a proclamation declaring Armistice Day a legal holiday throughout the nation and has called upon all persons to observe it in a manner befitting the occasion which would include the closing of places of business.

THE NEW M. E. CHURCH

Breaking ground for the new Meth-
odist Episcopal church building is a
noteworthy event in the history of
the denomination in Connellsville. To
have entered upon an undertaking of
such magnitude evidences a very re-
markable growth in the numerical
and financial strength of the congre-
gation, as compared with the time
when the recently abandoned struc-
ture was built 40 years ago. Still
more remarkable is the comparison
with the size and resources of the
congregation whose first place of wor-
ship was the "old stone house on the
hill," at the corner of Prospect street
and Orchard alley, built some years
prior to the death of Zachariah
Connell, one of the trustees of
the "Methodist meeting-house in
Connellsville."

Methodism has been a potent force
in Connellsville and all western Pen-
nsylvania from the days when the
pioneer circuit riders invaded "The
Wilderness" in 1784 and later. Its
expansion and influence have been co-
incident with the development of the
communities in which it early gained
a foothold.

In Connellsville the membership of
the denomination has always includ-
ed a number of influential who have
contributed in the most substantial way to
the advancement of the community.
That the present congregation feels
equal to the task of erecting what will
be the most modern, largest, and finest
church plant in the city shows
quite conclusively that the forefathers
of this latter day have no less courage
and faith than the olden time fathers
who worshipped in one of the early
church buildings for a long time be-
fore the financial resources of the
congregation enabled it to provide the
building with the floor of ceiling.
There can be no doubt that the pres-
ent undertaking, through successful and
in such a way as will reflect as credit-
ably upon the builders as the final
completion of the modest places of
worship was proof of the devotion of
the members of the congregation.

The completion of the proposed
structure will advance the congrega-
tion to a new importance in the neigh-
borhood as has been the result of all
church enlargements. The new build-
ing will stand as a monument to the
faith and devotion of the mem-
bers of the congregation of the city
where it is located, and be a source
of pride to the citizens generally as it
will be an inspiration to the members
in particular.

By preparing this fall to proceed
with the erection of the building,
the congregation has shown that
spring and summer considerable stimu-
lus will be given to what has long
been anticipated as a period of greater
activity in the building schedule.

From every standpoint the project
is to be regarded as a most worthy
and desirable one, in the progress of
which the completion of which the in-
terest of the public will be second only
to that of the people whose new
church home it will be.

Volunteers may be pardoned if they in-
quire, "Why a so-called 'fast day' for
registration?"

Scientific central was finally able to
get a clear line from Brimstone corner
to the desks of some of the higher-ups
of the Bell system.

As per usual the campaign plans
have been improving each shining
hour of the open season for their
activities.

The prompt consent of the federal
government to have the postoffice
corner rounded ought to help some
in bringing the Bell Telephone com-
pany around on the Brimstone Corner
pore proposition.

Why Congress Moves
Slowly

Washington Star.

There appears to be a great deal of
unnecessary and unjustified perturba-
tion over the bill for the proposed
amendment to the Federal Reserve
act, which is now before Congress.
What is characterized as the admin-
istration's program of "constructive
legislation" has been the subject of
much discussion. There are alarmists who
would have us believe that not only is
the Republican party headed straight
toward certain shipwreck, but that the
country itself is dangerously near the
rocks because of failure of the con-
gressional majorities speedily to agree
upon and put through the revenue, the
tariff and other pending measures.

It is very much to be doubted if
President Harding and those asso-
ciated with him in responsibility
entertain in measurable degree any
of these defeat apprehensions. They

Ice Cream Is King

Harrisburg Telegraph.

According to statistics presented by
the National Association of Ice-Cream
Manufacturers, since prohibition the
consumption of ice-cream in this
country has increased by 100,000,000
gallons a year. In other words, in-
stead of putting a foot on the rail and
ordering three fingers of bottled in-
bond, the citizen in search of re-
freshments strolls into a soda em-
porium, studies the list of flavors as
presented by the "ice-cream" man, and
selects a flavor. And then, ladies,
do you serve? and once served, ladies,
his order into his interior, instead of
putting it down at a gulp, with a
chaser and wry face to follow.

It's a good sign, every way you take
it. It pays the farmer better to feed
his grain to cows and sell his milk to
the ice-cream maker than to sell his
corn or wheat to the distillery, and 100,000,000
gallons of ice-cream a year
requires a lot of cows to produce the
necessary milk. And the ice-cream busi-
ness is a better business all
around than the corner saloon.

"But," says the man on the other
side of the prohibition fence, "the ice-cream
maker is a kid in a punch-bowl, a whole
lot of 300 cream," and that, brother,
is why the ice-cream box is more
popular with the wife and kiddies than
the old-fashioned "package" some
folks used to take home.

RELIGIOUS
WORK AT "Y"
FOR WINTER

Religious work program for the Y.
M. C. A. for the winter is as follows:
The Sunday morning pictures for the
children and adults will start on Sun-
day, November 20, if the arrangements
for the pictures can be completed.
Also there will be two Bible class
suppers each week, one for the adults
and one for the boys.

There has been consideration of a
business men's lunch at which time
one of the city pastors will give a half-
hour talk on the vital subjects of the
day. It is also expected that local
pictures will be shown on Sundays
between the hours of 6:30 and 7:30
o'clock, if possible.

The religious work committee is
composed of W. F. Underwood, chair-
man; Rev. E. H. Stevens and H. B.
Smith.

RECORD SPRAYING RESULT

Potatoes in Treated Rows Yield 413
Bushels, Untreated, Only 172.

By Associated Press.

BROOKVILLE, Nov. 8.—The largest
increase in the yield of potatoes from
spraying ever made in Pennsylvania is
claimed by Jefferson county. The
honor of making the record, accord-
ing to G. F. Miles, potato specialist
from the extension department of
Pennsylvania State college, goes to
L. E. Bartlett of Richwood.

Mr. Bartlett conducted a potato
spraying demonstration this summer
in cooperation with the county farm
bureau. When the above rows were
dug the sprayed rows showed an
average of 412.1 bushels per acre
while the unsprayed rows averaged
only 172.3 bushels per acre.

Just Folks

Edgar A. Quail

THE WORKMAN.

Today's dirt and dust and steam,
Tomorrow it will be the same.
And through it all the soul must dream
And try to play a melody of
Dirt and dust and steam and harsh com-
mands.
Yet money a soft hand passes by
And only thinks he understands
The purpose of my task and why.

I've seen men shudder just to see me
Standing at this little of mine.
And know somehow they pity me.
But I have never made a whimper
Beyond of all this dirt and dust.
And I'm the guardian of their fate.
Beyond this everlasting "must."
I see my little ones at play.

The blessing steam would drive me mad
If blessing steam was all I heard.
But there's a boy who calls me dad
Who daily keeps my courage spurred.
And there's a little girl who waits
Each night for all that I may bring.
And I'm the guardian of their fate.
Beyond this everlasting "must."
I see my little ones at play.

Beyond the dirt and dust and steam
I see a college where he'll go.
And when I shall fulfill my dream
More than his father he will know.
And she shall be a woman fair
Who'll be the world to love and trust.
I'll give my land a glorious pair.
Out of this place of dirt and dust.

WHAT THE REPORTER FOUND.

He hadn't hoarded up a sum of bright
and yellow gold.
He hadn't made a fortune out of
products bought and sold.
He wasn't rich in dollars, but the day
they buried him
The eyes of all the multitude with tears
of grief were dim.

We sent a smart reporter out to
chronicle his days.
To write about the things he'd done
and shower him with praise;
But on the morning of the funeral again
he shook his head in doubt
And said he couldn't find a thing that
he could write about.

He hadn't held an office and he wasn't
known to fame.
There wasn't any title he could add
unto his name;
He hadn't built a college or a hospital
or such.
And all he knew about him was that
people loved him much.

"Go out and tell the newboys why
you mourn for him today,"
The editor commanded, "ask the
'throng along the way'
Why their heads are bowed in sorrow,
and the people bow to tell
What there was of worth about him
that they loved this man, so well."

And the people gladly told him that
the reason that they wept
Was because the man had given of the
riches others kept.
And that brief obituary had a golden
line like this:
"His life was spent in friendship and
he's one the town will miss."

FREIGHT RATE CUTS MUST BE MADE, SAYS MEMBER OF I. C. C.

Are Necessary to the Return
of Normal Traffic on the
Railroads.

ALL COSTS ARE TOO HIGH

Public Interest Demands That There
Be Reduction in Wages and Prices
And Whatever Else Will Tend to
Relieve the Transportation Burden.

Although the recent reduction by the Interstate Commerce Commission of approximately 15 per cent in grain rates on western railroads proved somewhat disappointing to iron and steel men inasmuch as reductions were not extended to include other products, it is nevertheless generally felt that help for the farmer will mean help for the steel industry, says the Washington correspondent of the Cleveland Metal Trade.

Statements of the commissioners issued with the announcement of the reductions is of particular interest as reflecting the attitude of the Interstate Commerce Commission on the whole question of lower freight rates. Among other things Commissioner Foster says:

"Practically everyone admits that rates are too high. Rates too high are unjust and unreasonable and under the law must be reduced. Those who justify present rates regard them as a necessary evil—something that must be tolerated because high costs of operation prevent their reduction. That is no justification. If operating costs are holding rates at a level too high the thing to do is to reduce the costs."

Many qualified to form an opinion entertain the view that the present level of these rates is one of the obstacles in the way of restoring prosperity and likewise one of the obstacles to substantial reduction in the cost of living.

"The really vital concern of the carriers, in this situation, is to promote the return of what may be deemed normal traffic and anything which will help toward this end is greatly to their benefit. As far as a tendency downward in their rates can be induced, and so far as the reductions in wages and prices which have already been made effective can be converted into rate reductions we are assured that the full return of prosperity will be hastened for both industry and labor."

"In the interest as well as in fairness to the carriers there must be done without delay whatever is necessary to so improve their operating showing as to protect their credit, restore confidence and attract new money to make betterments for which there is urgent need. To require a rate reduction under such circumstances is for us to ensure a grave responsibility. Notwithstanding the risk involved, we must be guided by our best judgment and I am convinced that a reduction should be made."

"I have the firm conviction that the transportation burden on the industry and commerce of the country is too heavy and must be reduced, and that, as a part of the needed general readjustment, it can be reduced with increase in traffic and a reduction of operating costs may be looked for."

"Almost everything has been too high. The fundamental trouble with the industrial and commercial affairs of the country, that there is a general overproduction and costs are too high. The latter is the cause of the former. Production in this country at the present time is far below normal needs of normal conditions could be brought about, the industries of the country could operate normally to a long period, to take care of the necessities of the country, to say nothing of the markets in other countries. Normal operation of the country's industries would furnish employment to labor generally, revive markets and increase the general buying power which the country needs. A reduction of production costs is essential to this result."

"The right and power to reduce wages rests initially with the carriers. They have no excuse for maintaining the wage levels which they say are too high. If they believe them to be too high they should take steps to reduce them. Until they make the effort they are entitled to be regarded as excusing high rates."

Adding insult to injury, "You pay a dollar for a cover charge," the waiter explained. "I can't blame you for wishing to cover what you put on the table here," the guest replied, "but darned if I can see why I ought to pay for the bed."

Economies. "Does your wife take an interest in economy?" "Yes," replied Mr. Growcher. "She thinks I ought to be able to make a lunch of a piece of lettuce and a spoonful of ice cream the same as she ate."

HALF HOLIDAY NOVEMBER 11 AT MOUNT PLEASANT

Schools Will Be Dismissed at
Noon Hour, Education
Board Rules.

VACATION BEGINS DEC. 16

Teachers' Institute Will Be Held During
First Week; Board of Health
Orders Placing of No-Spitting Signs;
Legion to Parade Friday Night.

Special to The Courier.

MOUNT PLEASANT, Nov. 8.—The school board last evening decided that there should be a half holiday on Armistice Day, and that there would be no school on Thanksgiving Day nor the Friday following. The Christmas vacation will begin on December 16. The first week will be for the teachers' institute.

Judge of Election Named. Joseph Goldsmith was on Monday appointed judge of election in the First ward to succeed John P. Werkman, who is a candidate for assessor.

No-Spitting Crusade. The board of health, at the regular monthly meeting last evening, ordered placing of 50 no-spitting signs. The health officer, Harry McIndoe, reported during the month the following diseases: Diphtheria eight cases, scarlet fever five cases, typhoid fever, six cases. The typhoid cases all came to the local hospital from outside districts.

Parade Friday Evening. The American Legion will hold a parade Friday evening at 7:30 o'clock. The procession will form at the Osterwiese store and move uptown.

News of Council. Council held its regular monthly meeting last evening. C. A. Galley asked that Quarry street, at the upper end, should be put in passable condition.

It was decided to notify Frank Hurst and Charles Mullin to make repairs to Braddock Road avenue, which has fallen in owing to the removal of coal.

The street committee reported the following streets put in passable condition: West Washington, Oak Springs, Smithfield, Walnut, Pine North, Silver, First and Vine.

Health Officer McIndoe asked that something be done concerning an ordinance governing hog pens in the borough. This was referred to the ordinance committee.

STEADY BUT SLOW GAIN IN BEEHIVE; COAL NEAR NORMAL

Coke Production Still Only 25 Per
Cent of That in 1920; Strike
Threat Boosted Coal.

Production of beehive coke in the United States continues slowly to improve, says the weekly report of the Geological Survey, compiled by F. G. Tryon. The total output in the week ended October 22 is estimated at 102,000 net tons, an increase when compared with the week preceding, of 8,000 tons.

The improvement although small was more general than has previously been noted during the present revival in the industry and all districts except West Virginia and the Southwest States shared in the increase. That production is still far from normal however is seen in the fact that the average daily output was but little over 25 per cent of that in the corresponding week in 1920. Production in the Connellsville region, according to The Courier, was 62,510 tons against 56,649 tons in the week preceding.

Cumulative production during the calendar year to date stands at 4,305,000 net tons, a decrease of 74 per cent from the 1920 figure.

Production by states compared with the corresponding week last year was as follows:

Pennsylvania and Ohio 1921 1920

West Virginia 78,000 228,000

Alabama, Tennessee and 5,000 27,000

Georgia 10,000 28,000

Virginia and Kentucky 7,000 23,000

Colorado, Oklahoma and 3,000 11,000

New Mexico 4,000 4,000

Washington and Utah 4,000 4,000

U. S. Total 102,000 331,000

Apprehension of consumers over the effects of a possible railroad strike was no doubt the chief cause of a sharp increase of coal production in the week ended October 22. The total output of bituminous coal, including lignite and coal coked at the mine, is estimated at 1,033,000 tons in a single week. The rate of production attained under the stimulus of emergency demand was not far below normal for this season of the year. In the corresponding week of

1917, for example, 10,844,000 tons were produced; in 1918 about 11,179,000 tons, and in 1920 over 12,200,000 tons.

Bituminous production for the year 1921 is in round numbers 5,300,000 tons behind 1917, 10,700,000 tons behind 1918, and about 12,000,000 tons behind the average of the four years compared with the average of all four years, it is 11,000,000 tons behind.

A Scientific Prediction. The story is often told of the great naturalist, Cuvier, that given a single bone he could reconstruct the animal to which it belonged. That a somewhat similar law of organization runs through the various species that form families in the animal kingdom is indicated by a curious case of scientific prediction, to which attention was called at a recent meeting of the Biological society in this country.

Uhrenberg, while studying the main verte animals called dinosaurs, found that many species were distinguished by the number of rays in the pinnules. But in the series of specimens that he had he could find none having respectively 27, 29, 31, 37, 39, 41, 42, 44, 46, 48 and 49 rays. Still he predicted that the missing species would come day, turn up, and he was right, for two of them were afterward discovered although the remaining two have not yet been found.

Her Logic. Mrs. A. (at resort)—Doesn't it worry you to write to your husband for more money?

Mrs. B.—Not at all. If he is having a good time he owes it to me, and if he isn't having a good time he has saved it, so why should I worry?

How It Was. "How did it come, sat dat dat little, saved-off, rusty cullud man dono clumb all over yo' and whupped yo' twell yo' gapped?"

"Oh well sah, nigh as I kin expostulate it, dat small gent'man was a little too much for me."

Why Can't You, Too, Be Well and Strong?

FEW of us realize how precious good health is until we begin to lose it. To be well is to enjoy life and make good times for those around us. To be constantly ailing is to miss life's pleasures and to look with envy upon our robust friends and neighbors.

Are you one of the unfortunate? Is your health slowly slipping away? It's time, then, you looked to your kidneys.

Much sickness of today is traceable to kidney weakness. Its increase is alarming. That's because it's usually unseen or neglected.

But it's easy to tell if your kidneys are weak. You may have only backache, a lumbago, stiffness, or sharp stabbing pains, dizzy spells, head-

aches, or annoying bladder irregularities.

If you have these symptoms, suspect your kidneys! Remember that delay may result in serious kidney sickness.

But why dwell on the dark picture? Rather think of the brighter side!

To remedy such a weakness is to add years to your life and to regain the health and strength that enables you to enter life's daily battle with joy and enthusiasm.

If you've reason to suspect your kidneys read the stories of these Connellsville people. They tell how they have won back good health through Doan's Kidney Pills, the world's best-recommended kidney remedy. Doan's have helped thousands. They should help you. Ask your neighbor!

"Use Doan's," Say These Connellsville Folks:

J. H. LENHART, carpenter, 112 Highland Ave., says: "My work seems to be very hard on my back and kidneys. At different times I have had a lameness in my back and a soreness across my hips and through my loins. At the same time my kidneys have acted irregularly and the uric acid has become highly colored and unnatural. A spell like this has always been relieved promptly by Doan's Kidney Pills which I got at Clarke's Drug Store. They quickly remove the backache and regulate my kidneys. I think Doan's are a mighty fine remedy for these ailments."

MRS. W. BOWEN, 181 N. 3rd St., says: "I have used Doan's Kidney Pills for years whenever I have had an attack of kidney trouble. Last winter an attack of influenza put my kidneys in a very weak condition. They became discolored and acted too frequently. My back ached constantly and I also suffered from headaches and spells of dizziness. Black spots also blurred my sight. I was weak and run down at these times, but on taking Doan's Kidney Pills I was greatly benefited. I get this medicine at the Connellsville Drug Co."

Johnny Fundy, A. E. F. Feather Weight Champ Signed for Bout At Slavish Hall Monday Night

WMI Meet Johnny Pollock, and
Duke Barry Has High
Hopes.

SET FOR PRELIMINARY

Picking hard "nuts" for Johnny Pollock to "crack" apparently is a pastime with Matchmaker Duke Barry of the Fayette Athletic club. For the boxing show of next Monday night at Slavish hall, Barry has jumped a few laps ahead in the selection of Pollock's opponent. For that evening, having signed some other than Johnny Fundy, A. E. F. Featherweight champion, to mingle with the Dawson youth.

"It seems incredible that the popular Pollock is to battle with a top-notch of the calibre of Fundy, as it was only yesterday that little Johnny was battling around in the opening

JOHNNY POLLOCK bouts," said Barry. "In the doughboy who moved them all down before him in the Paris tournament for the featherweight championship of Uncle Sam's vast army of fighters, Pollock is meeting a boy who on paper so far outclasses him that many will undoubtedly censure me for signing Fundy to meet Pollock."

Fundy, besides being the A. E. F. champion, has met such fast boys as Eddie and Chalky Wimler, K. O. Circus and every leading featherweight in the Fayette district. He is a veteran, but hereas Pollock is but a neophyte. Although Barry will be "canned" by a number of fans for allowing Pollock to mingle with Fundy, it must be taken into consideration that he has "nursed" Pollock along very nicely and that he is alive to what he is doing when he signs the pair to meet in the six-round semi-final bout on Monday night.

This bout will precede the main bout of 10-rounds, featuring Tommy Phillips the aggressive McKessport boy and Billy Carter, the local hard-hitting ace. Two other bouts are in the making. Both claim Barry will be as starting as the signing of Fundy to meet Pollock.

High school plays at Monessen Friday. It was impossible to play the game here because of the Tornado club with Brackenridge on that day, the Cokers cancelling the game they had arranged to give the Legion representatives the use of Fayette field.

To date the Tornadoes have played four games without being scored on. At the same time the team has run up a total of 180 points on its opponents.

The Orange and Black gridders have two more games at home this season. One is with a team from the Pittsburgh district and the other will be with Dunbar township on Thanksgiving Day. The latter game should be a good one.

Coker fans are howling for a good high school team. If a few "angels" with some money to spend would announce themselves this might be possible and within all the rules of the school association.

Connellsville would rather have a bonafide high school team like the one on the gridiron this year and be in good standing in the W. P. I. A. league than to have the reputation carried by Greensburg and have the application for a place in the association "laid on the table."

TO INCREASE FLESH

To put on solid, beautiful, permanent flesh, you must give your system plenty of health-giving nourishment just as you would put good heat-producing fuel in an engine if you wanted it to make steam.

By taking a little DR. CAREY'S MEDIC-YEST with each meal that you eat, you increase the nourishment of your food. Nourish wasting tissues, invigorate vital organs and restore wasting nerve force. DR. CAREY'S MEDIC-YEST TABLETS contain those rebuilding natural elements in the Vitamins which Science calls the "Soul of the Food." DR. CAREY'S MEDIC-YEST TABLETS positively will add solid flesh and increase energy. Take them regularly with your meals. DR. CAREY'S MEDIC-YEST should not be used by anyone who is opposed to acquiring normal weight. Results are absolutely guaranteed or money refunded. Remember the name DR. CAREY'S MEDIC-YEST TABLETS. DEMPSEY IS LONESOME

It's true that a lull precedes a big storm. Also it's quiet after one.

James Harrison Dempsey can't understand why he hasn't got calloused on his heels caused by would-be legitimate challengers crowding him.

The champ probably has forgotten that all these second-raters attended the Jersey City matinee and got the tip straight that he hasn't come back far enough for them to make it interesting for him and the cash customers.

Dempsey is still going—not going—and he's mighty lonesome.

Sporting Squibs of All Kinds

Yale and Harvard began their football relations in 1876.

Toronto city rugby football league has 81 teams enrolled.

The Durham club of the Piedmont league will have to find a new president. L. B. Markham has resigned.

Chicago and Michigan met on the gridiron for the first time in 1893 and the Wolverines were victorious, 18 to 10.

Glen Myatt, catcher, and Ivy Griffin, first baseman have been released to Milwaukee by the Philadelphia Athletics.

The Harvard enrollment of freshmen has passed the 1,000 mark. The freshman football coach looks anxious at the figures.

Colby college, Waterville, Me., will soon host a concrete grandstand seating 2,000, donated by an admirer of the institution.

Unofficial averages for Coast league batting show Duffy Lewis of Salt Lake topping the league with a mark of practically even 400.

Yale is expected to be a contender with Penn and Harvard for the holding of the Intercollegiate track and field championships.

The Winston-Salem club of the Piedmont league announces that Charles A. Clancey has been signed to continue as manager of the team in 1922.

Frank McDonald, a left-hander, who has been signed by the Boston Americans, has spent the summer pitching for an independent team in Lynn, Mass.

Tom Carmody, who won many games for the Pittsburgh Collegians the past season, is now a student in Carnegie Tech. He should be of valuable assistance to the field pitching staff next spring.

BRACKENRIDGE BRINGING BIG TEAM FRIDAY

The Connellsville Tornadoes have set themselves to work in preparation for the hardest football game of their season. The members of the team are in fine fettle following a complete rest of two weeks and will be able to give every ounce of energy they carry. Although there was no game last week the team reported or practice each evening and is now a smoothly working combination.

Coach Jones has no fears for his boys. He has faith in their capabilities and believes they will defeat the Brackenridge American Legion team in the Armistice Day game. The visitors are reported to be adding all the strength they can gather. The reputation of the Tornadoes has spread into the Pittsburgh district and teams there have a wholesome respect for the outfit. The Brackenridge ex-soldiers have not yet lost a game, and are one of the few teams, together with the Tornadoes, in the running for first position in the Pittsburgh Post tournament.

The locals are "fishing" for action. A game with South Greensburg was scheduled for last week and it was cancelled. Efforts to arrange other contests failed and the week-end passed without a clash.

NOISY GEARS?

Quiet Them With

EBONITE

The noisy grind and clatter of worn gears can be stopped with Ebonite, the shredded lubricant. The shreds form a heavy ribbon of oil that clings to the gears and keeps a cushion between the teeth. Centrifugal force cannot throw it off. One filling lasts an entire season.

11% FOR THE 11TH

To help you prepare for Armistice Day,
Nov. 11th, every man's overcoat, suit,
hat and topcoat in stock is reduced 11%

WITH the Legion parade and the Tornadoes tramping over Breckenridge Armistice Day this year is going to be some celebration!

And Wright-Metzler Store is going to do its bit to make a whaling success of it.

Therefore—all this week—every suit, every overcoat, every topcoat in stock is reduced 11% in honor of the 11th.

This includes all Society Brand, Hirsh Wickwire, Michael Stern and other models. Smart styles for young men, more conserva-

tive styles for older. Warm overcoats, well tailored suits, good looking hats—everything that a buddy could desire.

Strictly on the Q. T. we tell you that this is some occasion! It's no attempt to get rid of surplus stock or to dispose of a job lot purchase. Every garment included is Wright-Metzler quality—the kind of garment a man owes it to himself, his wife or his sweetheart to wear.

11% for the 11th. Be in tomorrow.

IN BOBBED CURLS

Ready With Long Tresses May Make-Quick Change.

One-Side Parting Is the Craze of the Moment in Paris, Fashion Writer Says.

Hair always has been a subject of absorbing interest, and its arrangement a matter of real importance. Paris would have been bereft of one of their best subjects had short hair for women become the fashion that it once threatened to be.

Viewed from the standpoint of the practical and the sensible, says a Paris fashion writer, long hair hasn't a ghost of a chance against short tresses for women. But fortunately the beautiful and the individual usually win over the merely practical when it comes to a matter of the personal adornment of women, and the fact remains that many of those who hastily cut off their tresses have repented at their leisure.

Hair has played a great part in history and in romance and will doubtless continue to do so despite the advocates of short hair for all women of all ages.

The people of the Orient consider it a woman's chief beauty and sacred from public view. While beautiful women have not as yet reached the advanced stage where they are willing to part with their hair, many of them are making a compromise between short and long hair by adopting a style of half-dressing which gives a bobbed effect without actually resorting to the scissors.

It does not consist of the pulled effect at either side of the face, of which everybody has long since tired, but the hair is parted slightly to one side and arranged in soft rolls from the crown of the head to the nape of the neck so that the whole appearance is that of a cropped coiffure.

Bobbed effects from long hair with the soft one-side parting are the craze of the moment in Paris. For those who find this arrangement too difficult to be done at home the hairdressers have brought out bobbed transformations so that any woman who has long straight hair and does not like it, may appear at a moment's notice in bobbed curls.

A COAT OF NATURAL CARACUL

Heavier is to be popular this winter. A smart as well as practical coat of natural caracul, big collar and cuffs of beaver, proves to be a favorite.

BUCKLES WORN ON FOOTWEAR

Colonial Ornaments Are Back in Style With the Return of the Tongue Pump.

Colonial buckles on feminine footwear have returned in style with the revival of the tongue pump, one learns from the shop talk in the larger cities.

Mostly the mode is modified colonial, but the larger buckles also are in demand. Jet, gunmetal and nickel finishes are preferred. The wrap pump, fashion oracles say, will still be favored by smart dressers this fall. Buttons in metallic combinations to go with this footwear include bright and "satiny" silver and similar effects in gold.

Evening Frocks in Bright Colors. Fluffy tulle, evening frocks in lovely bright colors are shown for the benefit of the debetante.

LEAVES THE FOREHEAD BARE

New Coiffure Difficult to Wear and is Suitable for Only Certain Types of Faces.

It is to be noted that there is an increasing tendency toward coiffures which leave the forehead bare—no more, in fact, than one question whether it is not being carried a little too far, for it is a difficult coiffure to wear and there are many women who are not of the type to attempt it. With certain faces it is ideal. One young woman at a Paris feté, for whom this arrangement was most charming, was a blonde of the romantic type, a fact which she accentuated cleverly by dressing her hair in the manner of the heroines of Balzac, with a little "heart-breaker" curl drawn forward to the middle of the cheek, vastly becoming to her type of beauty. She wore a girlish frock of white mousseline, with a helix and individual little sleeves.—Vogue

Advice For Women Who Suffer. "I advise every woman who suffers with kidney trouble to try Foley Kidney Pills," writes Mrs. Eugene Brainer, 2522 Scoville Avenue, Cleveland, O. "I could not do my housework, but since taking Foley Kidney Pills I feel like a new woman and am able to do my work." Rheumatic pains, swollen ankles, backache, stiff joints, sore muscles and sleep disturbing bladder ailments indicate disordered kidneys. Foley Kidney Pills act promptly.—Advertisement.

TROUBLED WITH ECZEMA 7 YEARS

In Red Spots On Arms. Itched and Burned Terribly. Cuticura Heals.

"I was troubled with eczema for seven years. It would break out in the summer in little red spots on my arms. Later it became more severe and itched and burned terribly. I used to scratch and it would burn. Many a night I sat up because my arms itched so. "A neighbor told me about Cuticura Soap and Ointment. I sent for a free sample and purchased more, and after using two cakes of Soap and one box of Ointment I was healed." (Signed) Miss Etella Denaro, Nemacolin, Pa., April 4, 1921.

Cuticura Soap, Ointment and Talcum are all you need for every-day toilet and nursery purposes. Sample Book Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden, Mass." Sold everywhere. Don't forget to send a "Thank You" to "Cuticura Soap and Ointment."

Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—Advertisement.

NEW AUTUMN VEILS ARRIVE

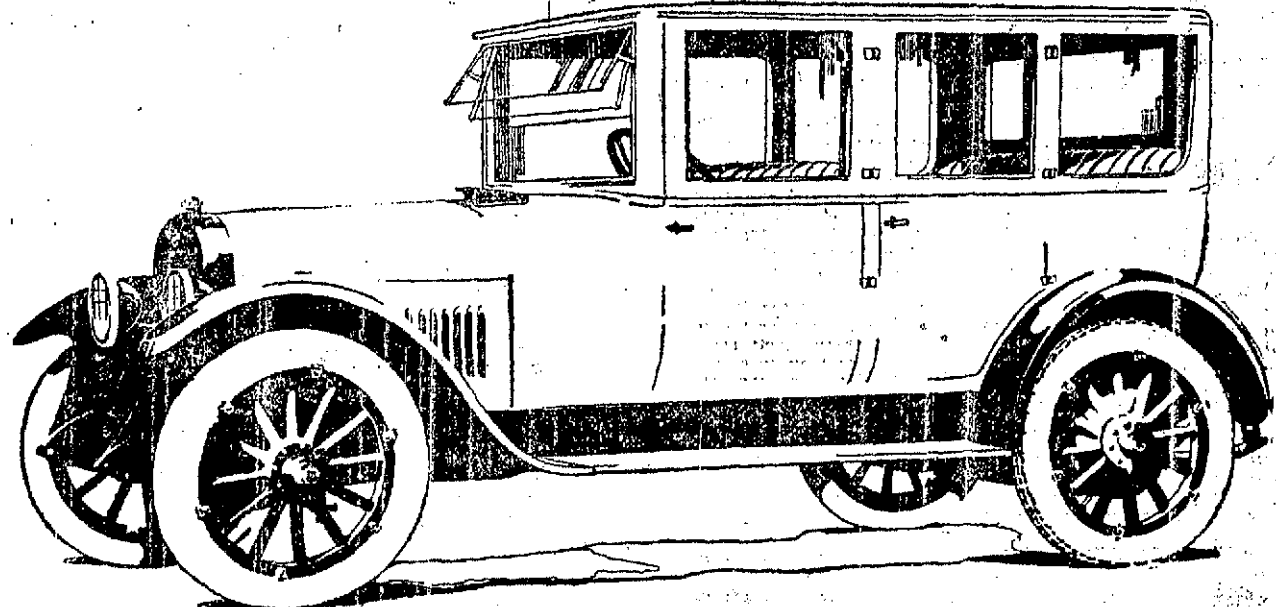

Face and Headgear Decorations of Variety to Suit the Demand for Any Occasion.

Along with autumn days come veils in a multitude—capricious little duds trailed by swathing scarfs to guard against the consequences of with weather beating upon the complexion. The new misty lace veils that merely are enhancements for the face have a wider border in fine-thread embroidery—one has a wide border in big dots while another type has a wide border in rows of silvery in silk fluff.

The usual border of these filmy veils is an embroidery design in blossom and leaves woven into the fabric. These veils are popular in black and in white. Those in colors are discordant notes. A fine net veil has chrysanthemums sprigged over it, and a leaf design provides the border. The net veil thickly strewn with dots and finished with a border in leaf and rosebud design is pronounced a leader for chilly days—and it is a relief of a sturdy vapor. The new lace veils in thicker than are custom, some with sparsely scattered leaves over the fine weaving, and others have conventional designs. Few small face veils are shown. The scarf veils that afford novelty in draping over the hat brim and falling straight over the face have no tulle in the market, both in face and thin fabrics. They are swathed over the hat, if so preferred, and the long ends fall behind, secured at the edge of the brim at the back in a big loose knot.

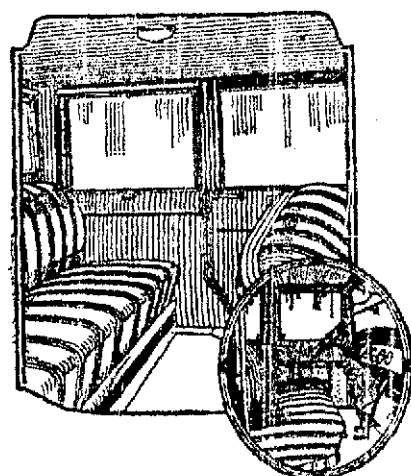

Chiffon veils are both thin and thick, to be adapted to weather and use. Some have wide borders, hemstitched, and embroidered in posy, leaf, or conventional designs. Some of these chiffon or georgette veils are strewn with small dots in silk thread. Meier veils are voluminous in size, allowing for a snug wrap-up when the weather is peppy with frost.

LIGHT-SIX SEDAN NOW \$1850

F. O. B. South Bend

Three views of front and rear compartments indicate the quality and comfort of this car's interior. Doors open wide—there's plenty of room for five adult passengers.

Built complete in Studebaker factories and with Studebaker's 69 years of experience in fine coach building behind it, the LIGHT-SIX SEDAN represents the highest value in enclosed cars ever offered to the public.

A feature of this car that is sure to be appreciated is its unusual freedom from body noises. Eight rigid upright posts, which run from floor to roof, insure solidity of construction. The windows are raised or lowered on rattle-proof rubber rollers.

These features, coupled with the fact that the 40-H.P. LIGHT-SIX motor is freer from vibration than any other light six-cylinder motor yet produced, are assurances to the LIGHT-SIX SEDAN buyer of the full enjoyment of closed car comfort.

Painful Rheumatic Swellings Disappear

Discoverer Tells Connellsville Drug Store and All Good Druggists Not to Take a Cent of Anyone's Money Unless Allen-Rin Completely Relieves All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of expensive study, that he was one of those from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. His theory was in fact he consulted physicians, made experiments and finally compounded a prescription that quickly and completely dissolved every sign and symptom of rheumatism from his system. He finally gave his discovery to others who took it with what might be called mercenary success. After years of neglect, he decided to let suffering everywhere know about his discovery through the newspapers. Connellsville Drug Store has been appointed agent for Allen-Rin in this vicinity with the understanding that they will freely return the purchase money on the first two bottles a full cure is made. They refuse to be deceived.—Advertisement.

Greatest Shoe Sale For Women

That Has Been Launched in Connellsville in Many Years

THE REASON WHY WE CAN SELL SHOES AT SUCH A LOW PRICE

One of the largest manufacturers of High Grade Shoes for women and misses, in Boston, recently wired our shoe buyer that he had 3,650 pairs of Shoes, Oxfords and Slippers that he would have to sacrifice at any price, in order to get the ready cash to meet various obligations. Our shoe buyer at once communicated with the manufacturer and made him an offer that he was practically forced to accept in order to get money.

We are not going into details regarding the values of these shoes, as this paper would not be large enough to print it.

We can only say this much that you have NEVER had an OPPORTUNITY to purchase shoes at the price we are going to sell them Wednesday and Thursday.

COON RUN CLUB FEASTS

Musical Guests at Party at Home of
Thomas Guard, Gibson Football
Team, Will Play Redstone Junction
Saturday on the latter's field.

Special to The Courier.
SOUTH CONNELLSVILLE, Nov. 8.—
The school board adjourned school to-
day on account of election day. The
basement of Gibson high school is
used for voting purposes.

More for Coon Runners.
A very delightful party was held
Sunday evening at the home of Mr.
and Mrs. Thomas Guard of First
street in honor of the Coon Run or-
chestra. During the evening games
and music were indulged in, with a
number of solos being sung and play-
ed. Harry Morris sang a solo, Joe
Hood played a violin solo, Russell
Hood a piano solo and Ray Towsey
sang. Ice cream, cake, coffee and
sandwiches were served. There were
25 guests present.

Gym Nears Completion.
The Capetan Athletic association is
making fine progress on the new gym-
nasium, having everything almost
completed except finishing the sky-
light and laying the floor. The as-
sociation is having the building covered
with "elms cottica," an outside coat-
ing which will prove very effective
during the cold weather.

Gibson High at Redstone.
The Gibson high school football
team is preparing for a hard game
with Redstone Junction on November
19 at that place. The Redstoners have
a fast aggregation and it will take a
lot of fight to spoil victory for the
Gibson gridders.

Personal News.
Emerson Lee left yesterday for a
hunting trip to Bedford county. He
expects to remain until Thursday.

INDIGESTION, GAS, OR BAD STOMACH, TAKE "DIAPEPSIN"

"Pape's Diapepsin" ends indiges-
tion, heartburn in five minutes. Sour,
gassy, upset stomach, acidity, dyspep-
sia, when the food you eat ferments
into gases and stubborn lumps; your
head aches and you feel sick and in-
digestible, that's when you realize the
quick magic of Pape's Diapepsin. If
your stomach is in a continuous re-
volt—if you can't get it regulated—try
Pape's Diapepsin. It's so mercurial to
have a bad stomach! Make your next
meal a favorite food meal, then take
a little Diapepsin. There will not be
any distress—eat without fear. It's
because Pape's Diapepsin "really
does" regulate weak, out-of-order
stomachs that gives it its millions of
sales annually. Get a large 60-cent
bottle of Pape's Diapepsin from any
drug store. It is the most efficient
antacid known. It is scientific, harm-
less, and belongs in every home.—Ad-
vertisement.

of kidney complaint and backache.
Backache was the chief cause of my
suffering. I would get a steady gnaw-
ing pain across my kidneys so that I
was hardly able to get my work done.
My kidneys would be very sore and
would not irregularly. When I had an
attack like this I would use Doan's
Kidney Pills. They could be very
helpful in relieving the backache and
making my kidneys normal."

Does Your Housework Tire You?

If your housework tires you unduly, if you
suffer from headache, indigestion, biliousness, etc., it
means that your liver is out of order, your stomach
is upset or your bowels are not working properly.

CHAMBERLAIN'S TABLETS
will provide the gentle stimulant that will set
nature properly at work again. They will quicken
your sluggish liver; tone up your stomach and
gently cleanse your bowels.

You always should keep a bottle of CHAMBER-

NERVOUSNESS, HEADACHE AND STOMACH TROUBLE ENDED

Nerv. Worth Quickly Overcomes
These for Adelp. Shields,

"I had had Saint Vitus Dance, and
it left me in an awful nervous con-
dition," said Adelp. Shields, a well-
known Conneltsville, Va. resident.
"My head ached a great deal, and my
stomach was also in bad shape. I
had doctor's orders with no
results. Two bottles of Nerv-Worth

improved my condition wonderfully,
and I feel like a new man." It is a
strange fact, but nervous and stomach
ills are usually found together, and they
are likewise the cause of much misery.
Nerv-Worth's ability to act in such
cases, and act quickly, makes it the
ideal medicine for those who suffer
from such troubles. If your first
doubt does not benefit you, your druggist
is authorized to refund your
money. Sold by all leading druggists.
